Blabac Photo: The Art Of Skateboarding Photography

Synopsis

"It's rad what I do." --Mike Blabac

Blabac Photo: The Art of Skateboarding Photography is a stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man who is as dedicated to his craft as he is to the skateboarding lifestyle that inspired it. For millions of people around the world, skateboarding is more than a mere hobby or a sport--it's a way of life that has shaped everything from fashion and music, to video games and art. Blabac Photo proves that point with 300 awe-inspiring images that communicate the stories and exploits of some of the most creative athletes to ever step on a skateboard including Eric Koston, Stevie Williams, Colin McKay, Rob Dyrdek, and Danny Way. As skateboarding evolved over time, from a hobby for kids on the Venice boardwalk into a global culture, skate legends were born, records were broken, titans of industry materialized--and Mike Blabac was there to document the history of the movement as it developed before his eyes.

im not even really a skater, but i grew up around them. i was a bmx kid. i do enjoy monkeying with a camera though, and i enjoy seeing other peoples photos. mike blabac is a kick ass photographer and this collection of his work is very well put together and enjoyable to look through. even for a non skater. its a big impressive book and if i left it on my coffee table im sure many people would pick it up to check it out.i dont do that though. im picky about my books. i like them how i like them..so hands off..

Blabac is rad. Amazing photog. I have been skating for 14 years now and I have been shooting for most of that time so I hope I can put together a book this great one day. It will be tough because Mike Blabac set the bar high.

It's a nice compendium and collection of everything that's "skateboard culture". Well laid out text and photographs.... A nice visual journey with supporting text so you don't get lost! :-)
