Business Analysis For Practitioners: A Practice Guide

Synopsis

Business Analysis for Practitioners: A Practice Guide provides practical resources to tackle the project-related issues associated with requirements and business analysis; and addresses a critical need in the industry for more guidance in this area. The practice guide begins by describing the work of business analysis. It identifies the tasks that are performed, in addition to the essential knowledge and skills needed to effectively perform business analysis on programs and projects.

Customer Reviews

Great book full of practical tips and tricks for the analyst looking to develop their skills to compliment their business knowledge.

This book is much more useful than the BABOK.

Great for the BA.
