The Complete Book Of Ducati Motorcycles: Every Model Since 1946

Synopsis

From the single-cylinder bikes of the 1950s to the high-performance sportbikes of today, *The Complete Book of Ducati Motorcycles* showcases the entire spectrum of Ducati. Legendary Ducati motorcycles have something of a rags-to-riches story. This Italian motorcycle manufacturer began by selling motorized bicycles to impoverished residents of post-World War II Italy. Today, Ducati is the world's premier manufacturer of street motorcycles whose sales continue to rise year after year. Its svelte, hyper-accelerating motorcycles are two-wheeled wonders that are fluent in the language of speed. *The Complete Book of Ducati Motorcycles* traces the stunning chronology of the motorcycles dreamed up by Ducati, from the 1950s to present day. Laid out for the first time in encyclopedia form with gorgeous photography and insights from Ducati expert Ian Falloon, this book offers motorcycle enthusiasts a closer look at the craftsmanship, power, and beauty of these extraordinary motorcycles. The book features all of the motorcycles from Ducati's storied history, including the groundbreaking Desmodromic 750 Super Sport, the Mike Hailwood Replica, the Superbike-dominating 916, and the epic Panigale. From the street bikes that gave birth to the very notion of the modern superbike to the racing motorcycles that dominated tracks in Great Britain, Europe, and North America since the latter part of the twentieth century, *The Complete Book of Ducati Motorcycles* runs the full gamut of sportbikes. It's a collection that demands shelf space in the library of any true motorcycle collector or fan.

Customer Reviews

The Complete Book of Ducati Motorcycles: Every Model Since 1946 Great big book, beautifully done on All the Ducati models from the beginning to now when the book was published. My only Complaint is I would like to have had more pictures/Spreads of the Paul Smart Model and the MH900e. Great Chapter on the 70's models, Cagiva Ownership, Private Ownership which it should have always been under as it is now. (sadly Owned by Audi, should stayed under TPG's ownership.) Typo (sticker says 90 years.) Other than that, the book is accurate and up to date as of it's publication date. It goes well with the Art Of The Ducati Book. Highly recommended for Both Ducati Loyalists and gearheads in general.

I got a copy of the new "The Complete Book of Ducati Motorcycles: Every Model Since 1946" by Ian Falloon. What a great book! 70 years worth Ducati information. Bike by bike from the Cucciolo bicycle up to the new Panigale. My favorite part of the book is each bike has it's specs in a block for quick reference. The book is well worth picking up a copy for your office or garage!

A comprehensive review of Ducati bikes with excellent photos.

too many editing errors
