Customer Reviews

Must have book for anyone building a Network Marketing business. Ray is a top earner in every business he touches and there's a reason. He and his wife Jessica share tips that you don't see in any other book on MLM Recruiting.

This was a great book that provided basic duplicable information that I can put to use right away. Usually when I read any material pertaining to how to recruit in this industry, I find myself either being overwhelmed with information, which leads to taking no action, or saying to myself "I can't use that with my friends and family". Not only can I see myself using the skills taught in this book, I could see myself teaching this to people on my team. Will definitely be referring to this book over and over for years to come. Thanks Ray!

I've been following Ray Higdon for quite a while and have always been impressed with everything he does. I couldn't stop reading. It is full of so many great tactics and techniques on how to prospect. I was doing it all wrong! Time to start doing it right! Thanks Ray!

I am Die Hard Fan of Ray Higdon. After purchasing his course Pro Blog Academy, I decided to buy his books. After I purchased the book, I read it 2-3 times. Ray holds nothing back. He talks a lot about Prospecting and Closing. He has discussed unique approaches when it comes to closing. The Test Closing Method truly stands out. Ray also discusses some very unique and different approaches for closing. You won't find them in any other book. There is another book I read a month back which

goes by the name Rebel MLM : No B.S. Guide to Attracting High Quality Prospects and Sponsoring More Reps with Almost NO Rejections contains tons of Prospecting and Closing methodologies which are quite unique and unheard of. He also refers to a lot of other books for learning persuasion, presentation etc. The only drawback is, this book has very little information about duplication and team building. Otherwise, it's truly a Masterpiece.

As a newcomer to MLM I found a lot of great ideas that would not have occurred to me by trial and error. I am putting them to the test now. The book was readable in one afternoon, straight to the point!

I don't work in Ray's company or organization. I have no financial ties to him at all. I have read several books on MLM and this is absolutely the best one I've ever read in my entire life. Seriously, it is GREAT.

Good information. Much of the information was a review of methods I learned years ago from Dani Johnson's training. Ray adds his personal variations to the program and shares what works for him. It is always good to add new nuggets of wisdom to your arsenal of marketing tools and methods.

This has open eyes mind to recruit more people into business. If would had this information 9 months ago when I first got into my I would have much larger team than what I have. But after I started reading this I have closed to new people into my businesses thanks Ray you are awesome. This book is a must have for anyone in network marketing.
