Customer Reviews

In addition to the book, we also subscribed to the company's software, which is fantastic. For \$40 for the whole year, my daughter can practice into our computer's microphone and get feedback on how well she did. She uses the book at school and the book with the software at home.

bought book for 7th grader, she loves it and musicis age appropriate,shipping was fast, and book arrived in great shape, definately would buy from this seller again
