Customer Reviews

This is book 5 in the Suzuki series. By now you know what you are doing. The cd is good for ear training, and the songs are quite pretty.

Excellent book for intermediate/advanced players. The CD is helpful too. I highly recommend Suzuki books as the songs are played often in concerts and events. :)

as with all Suzuki books, book 5 is easy to understand and full of interesting pieces to play, having the cd is a real bonus.

CD is useful for the students, I like the revised version. Suzuki has always been a favorite method of instruction

Thanks for the wonderful music and scales. It is the perfect book to move up my daughters playing and skill level.

It's Suzuki, what else can be said? My kids thrive with this method.
