Best Sellers Rank: #41 inÂ Books > Audible Audiobooks > Humor > Parodies #239 inÂ Books > Audible Audiobooks > Fiction & Literature > Drama #528 inÂ Books > Audible Audiobooks > Nonfiction > Reference

## **Customer Reviews**

This magnificent compilation has three Plato writings: "Apology," "Crito," and "Phaedo." Though apparently early works and not as complex or philosophically influential as later ones, they are immensely important in portraying Socrates' trial and death. They are our clearest picture of the historical Socrates and would be invaluable for this alone. Indeed, I have read hundreds - perhaps thousands - of books, and this is one of my ten or so favorites, mostly because of how moving the depiction of the great man's last days is. The story of Socrates' Apology and last moments is part of world literature's very fabric, an immortal part of Western cultural heritage. Anyone who wants to learn about Socrates should start here. However, the works have great value even aside from this; a few have indeed questioned their historical veracity. This does not affect their philosophical, literary, and political worth, which is of the highest, making the book doubly essential. "Apology" is Plato's least philosophical and most unrepresentative work but arguably his most important and is among many readers' favorites, including mine. The book's title is misleading in that this is prose rather than dialogue; it purports to be Socrates' self-defense at his trial. It is historically priceless if so, as it gives his last public statements and some background about his life and the lead up to the trial. Even if not, it is of immense worth as a passionate, sound defense of individualism and free speech; its timeless evocation of these all-important concepts is forever associated with Socrates and the

main reason he has been immortalized. The work also piercingly examines the often vast law/conscience gap and is thus an early higher law document.
