Customer Reviews

As the title says, you can't perform in public from this edition. I had to make a copy of the music in order to play it at my recital. I don't know if that can be arranged in other edition but, in this one, to play the second movement you have to turn the page and, since this is a solo piece, you would have to stop playing to do it, or get someone to turn the page for you. The cover is not like the one shown here, it is prettier :)
