Customer Reviews

Very SMALL pamphlet on lotion making, but includes a few fantastic recipes. Author states there would be recipes for salve, however I was unable to locate said recipes. Quick Google search provided what I needed.

Living in a warm climate I never experienced winter cracked skin, until my niece started to have them when we went to colder climate. A guy who likes to do DIY of almost everything, next to my DIY projects will be this.

Easy to read and follow for beginner lotion makers.
