Customer Reviews

I think this book has an excellent concept, and the plot was phenomenal. My only complaint is that it felt like I was reading a fanfiction; the sentences were poorly constructed and the author kept switching between past and present tense, not to mention the way the story repeatedly shifted from narrator to narrator and between first, second, and third points of view. If someone were to take the time to actually revise the story, it could become a bestseller. Otherwise, though, I found it a little painful to read.

It's just 'The Shadow of Minecraft' series put into 1 book by a 'different' author. Stupid knock-offs. SERIOUSLY! Actually use your OWN mind; do not copy a book and get paid for it u uncreative author (I can't swear because won't post it if I do).

guys come on seriously its just a story. i have no idea why you guys dont like adventure because this book rocks. it is not a rip off. just read a book more your type. guys, this book is a book where minecraft isn't itself. so deal with it.BEST BOOK EVERi really like the art

I absolutly love to play minecraft pocket edition. the book was awesome, great job. The only thing thatw kind of sucked though was that there were some word choices that confused me because they seemed like they were in the wrong place.

This book is the perfect book for any minecraft fan. It has fun references to both the real world and minecraft world problems. The third person view was a bit confusing, though

This book starts out NOTHING like Minecraft. I play Minecraft and this book is not about Minecraft and is only using blocks a the setting. THIS. BOOK. SUCKS!!!!!!!!!!!!!!!!!!!!

Awesome minecraft book. It is really cool how it ties into minecraft. A little un-minecrafty but still quite cool. I hope they made or already made more.

I gave this book 5 stars because it is awesome!It has adventure,mystery,and drama.I absolutly loved this book.The story mainly is about a kid.
