Neil Young - Greatest Hits - Guitar Play-Along Volume 79 (Book/CD)

Synopsis

(Guitar Play-Along). The Guitar Play-Along Series will help you play your favorite songs quickly and easily! Just follow the tab listen to the CD to hear how the guitar should sound and then play along using the separate backing tracks. The melody and lyrics are also included in the book in case you want to sing or to simply help you follow along. The audio CD is playable on any CD player. For PC and Mac computer users the CD is enhanced so you can adjust the recording to any tempo without changing pitch! This super-sized collection features 15 fantastic tracks: Cinnamon Girl * Comes a Time * Cowgirl in the Sand * Down by the River * Harvest Moon * Heart of Gold * Helpless * Hey Hey My My (Into the Black) * Like a Hurricane * The Needle and the Damage Done * Ohio * Old Man * Only Love Can Break Your Heart * Rockin' in the Free World * Southern Man.

Customer Reviews

The book is well organized and has a nice readable presentation. Some of the selections do not include the guitar solos - but then again there are so many different versions Neil has recorded that maybe its accurate to one of the recordings but not others. Overall I like the book and the CD is ok too.

wow, all the great songs in one book. exactly as done on the record Written in easy to read tab and i would say it is perfect for intermediate level players. If you know your basic chords good, you can

play this. It comes with a backing track, on track where you can hear the guitar play with the band, and then a track where the guitar is taken out and you become the guitar player instead. If you put the cd in the computer, you can slow the tracks down to a speed you can play at without affecting the pitch. I think it is perfect for anyone who likes Neil Young or even those who just like acoustic guitar. There are some tracks that can be played on electric, but most of them are acoustic. It really is a great book! I would highly recommend it!

If you're looking for accurate Tabs and excellent backing tracks, this is it. Use the slow-down software included and learn slow at first, playing along with the backing tracks. Gradually increase your speed until you reach full tempo. I've bought several of these Hal Leonard Play-along series and It's a real blast being able to play your favorite songs.

This is very complete, but hard to see it on a page. It would be nice to see have chord diagrams, it does not. It has tabs, it does not feel like a beginners book, but I'll learn--I hope !

I am not good enough to play any of these songs but I enjoy listening to the backing tracks even without the vocals.

As advertised. Nice to have the CD too!

A must have piece for fans and players
