Customer Reviews

This TAB book has many of the great hits RUSH is known for. Fairly easy to follow, I don't think this is for people just learning the guitar but, anyone can at least practice. Item was as advertised and quick shipping!

I am an aspiring guitar player and thoroughly enjoy this book. I've been a loyal Rush fan for many years and am glad that it is available for my use.

as everybody, i want to play rush. the tabs are good, the song selection are appropriate too. i just

want more fingers, hahaha

Tabs are accurate to the actual recordings. Like all tabs.. not 100% but far better than other Rush TAB books I've found

There is no finer band in the world then Rush. I have seen them in concert over 20 times and there has never been a bad show. They are the high Priests of rock. Alex does not get enough credit for his guitar playing in my opinion. The tabs in this book have been extremely helpful in helping me play the songs that I love. I highly recommend this book for any guitarist who wants to play some of the greatest songs ever

Not all the songs were in it that I wanted, but Rush has had dozens of albums. Really like the tab.

Great book! Hard to get down some songs but it is after all, Rush! Very glad they made both the guitar and bass tab books the same song set list.
