Customer Reviews

More of a pamphlet on fashion photography. Although it seemed cheap - for a 400 page book - only 32 pages are actually regarding fashion photography. Over 350 remaining pages are additional 'free books' - very basic guides on other areas of photography not related to fashion photography. Unfortunately, as I purchased the book with a view to furthering my knowledge specifically in the area of fashion photography, this book turns out to be a complete waste of time and money for me, with. I would suggest, a rather misleading title, when in fact approximately 90% of the book has nothing to do with fashion photography whatsoever.
